W. Nirschl  
Meinl-Weston

### **Trumpet**

Yamaha  
Bach

Other brands that may be suitable for your student's instrument are Accent, Eastman, Gemeinhardt, Jupiter, Miraphone, and Schilke.

Instruments not made by one of the brands listed here are very often of poor quality and can be expensive or even impossible to fix due to a lack of available parts.

Oftentimes the money saved by buying a used or inexpensive instrument is offset by the cost of repairs needed to keep it in good playing condition. Any used instrument, no matter the brand, must be examined by Mr. Lammersfeld or a certified repair technician and determined to be in good playing condition before it may be used in Band.
